OUR GOAL IS SIMPLE

\$60,000

TO PREPARE FOR 150 YEARS

An inaugural campaign that serves as the foundation for our broader 150th Anniversary initiative — the next chapter of Co|So begins now.

WHY IT MATTERS

Since 1879, Co|So has welcomed some of the most influential artists in history.

*John Singer Sargent · James McNeill Whistler · Claude Monet · Auguste Rodin ·
Pablo Picasso · Vincent van Gogh · Marcel Duchamp · Wassily Kandinsky ·
Winslow Homer · Allan Rohan Crite*

Yet Co|So's greatest achievement has never been the artists who became famous. It has been the artists who found opportunity — who discovered mentorship, built careers, and found community.

That mission remains unchanged.

The most important moments in Co|So's history happened because people saw what could be — and found a way, together, to make it a reality.

Support the 158 Forward Fund and become one of the earliest partners on our Road to 150 — with exclusive previews of our 150th Anniversary plans before they're announced in 2027.
